

WHAT'S DIFFERENT ABOUT WAVERLY PLACE

Waverly Place is a neighborhood of new friends. A warm and welcoming senior living community where residents share laughter and experiences that encourage joy, independence, and wellness.

Our highly trained staff go beyond the physical care by creating meaningful moments that challenge your mind, lift your spirits, revitalize your purpose, and nurture your heart.

Come and experience for yourself what life is like at Waverly Place. Make a new friend during one of our delicious, from "scratch" meals, or participate in one of our fun activities, maybe even take a class in our Cyber Café. Experiencing all we have to offer will help you understand what makes Waverly Place different from other senior living communities.

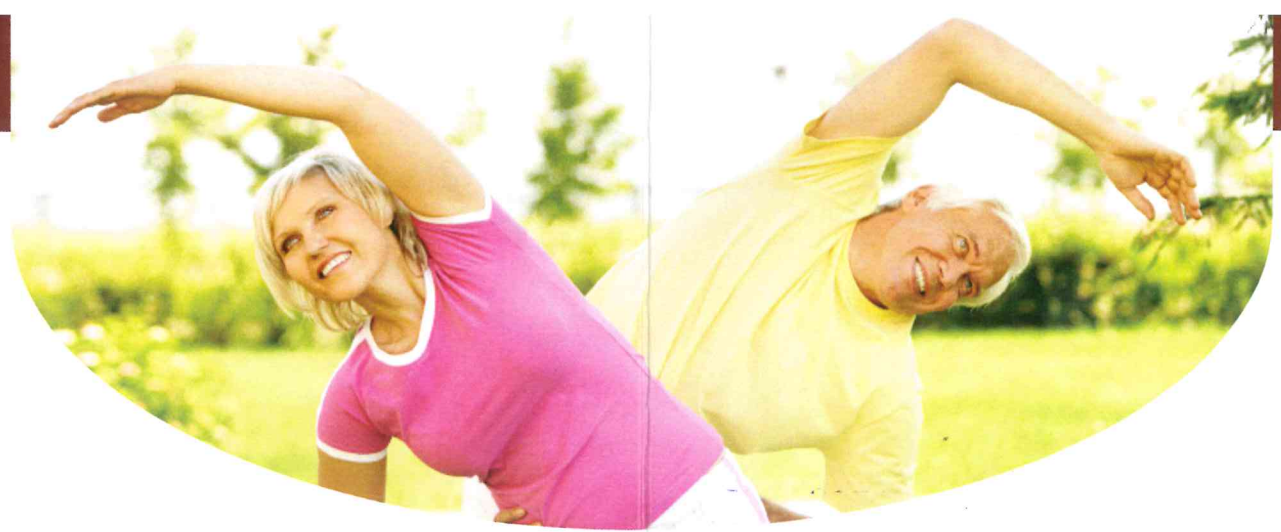

ASSISTED LIVING

As we get older, many of us naturally need a helping hand – perhaps someone to help us get ready for the day, help manage our medications or prepare special meals.

Our employees are here to offer a helping hand, but only if and when you need it. Our full range of assisted living services are designed to help you maintain your health, so you can live as independently as possible.

These include:

- Registered nurse onsite 40hr/week and registered nurse on-call support
- 24-hour emergency call system
- Assistance with bathing, dressing and personal care
- Assistance with medication management
- Social and recreational programs
- Transportation to local appointments and shopping
- Multiple dining venues to choose from
- Weekly housekeeping and laundry services
- Full maintenance services

MEMORY CARE

Caring support through our signature "Moments" program takes a holistic approach that focuses on minimizing negative outcomes and helps create an interactive atmosphere which supports independence, dignity and choice for our residents.

With the collaboration of family and healthcare professionals, we aspire to serve our residents in a way that fills their days with moments that are engaging, meaningful, and rewarding.

OUR MISSION

*Creating environments where moments of **joy**, **independence**, and **wellness** are the focus each and every day.*

At our community, we focus on what residents can do, not what they cannot do. Contact us today for more information 541-990-4580.
