

CRISTA SHORES™
A CRISTA SENIOR LIVING COMMUNITY

Community
Like no other

Connecting

you to a community
like no other.

Imagine a place where time is measured by the tide, where stunning sunsets reflect on the waterfront right outside your home, and each day is filled with the beauty of community. This is the lifestyle at Crista Shores. A waterfront community of unrivaled beauty, surrounded by a gorgeous natural setting. It's a place where days are filled with opportunities to connect with others and to continue to live a life of joy, meaning, and purpose.

Nestled between Seattle and the Olympic Mountains, the Kitsap Peninsula is teeming with scenic wonder. At the heart of it all is Silverdale, where Crista Shores brings seniors independent and assisted living. On the shores of Dyes Inlet, the view from Crista Shores apartments brings majesty to daily life. Near to award-winning medical centers, shopping, restaurants, museums, and scenic trails, explore your neighborhood and get a breathtaking view on life.

Bible study? An exercise class? A dip in the pool? It's all here. You'll have opportunities to volunteer for important causes. You can peruse the library, use the computers to surf the web, create something wonderful in our woodworking shop. And have our talented chefs prepare meals for you, as you enjoy the spectacular view.

The Crista Shores

Community.

Where life is part of a greater whole.

Welcome to our community. What will your days be like when you live at Crista Shores? They'll be filled with opportunity. For starters, you can head to your private deck to watch the blue herons, bald eagles and other shore birds. Slip on a pair of walking shoes for a trek along the Clear Creek Trail. Then see what activities are on the agenda at our community.

If you'd like to venture farther out, more than 100 shops, restaurants and services await you at the neighboring Kitsap Mall and The Trails at Silverdale shopping center. Educational and cultural experiences are right on the peninsula. Spend the afternoon strolling through the picturesque town of Poulsbo. And the Greater Seattle area is just a short ferry ride away. At Crista Shores, a feeling of peace, a sense of excitement and a shared atmosphere of faith are all here.
