# Assisted Living Program

## ENCOURAGING INDEPENDENCE AND INVOLVEMENT

The Oceanview Assisted Living Program is focused on helping residents to maintain their full potential. Our team members seek to foster resident independence, not dependence, and are sensitive to respecting each resident's individuality, choice, dignity and privacy. We also believe in getting to know our residents; together we create an Individual Life History to identify each individual's passions, interests and preferences.

At Oceanview, we seek to provide inspiring life experiences that lead to full and enriching lives. We believe that a purposeful life is a meaningful life.

## CARE SERVICES

We create an Individual Service Plan that is tailored to each resident's abilities to perform activities of daily living. Services are available for those who need some help with routine activities of daily living, such as bathing and dressing, along with a menu of other services. Additional services are available, including escorting to meals and activities and laundry.

## RESPONDING TO CHANGE

We base care on an individual's needs and preferences. Our services include routine monitoring of changing care needs.

## COMMUNICATION

We listen to and communicate with our residents, their families, physicians, and other professionals to maintain an Individual Service Plan that meets the needs of each resident.

## Financial Options

The financial realities facing today's seniors and families can be overwhelming. Oceanview knows that making the move to a retirement community in the current economic climate means considering the costs and benefits more carefully than ever before. Here are some options to provide confidence and security to you and your family as you consider your move.

### ELDERLIFE FINANCIAL SERVICES

Founded on the belief that families should take care of each other, ElderLife Financial works with families facing senior housing and lifestyle decisions. From loans to flexible lines of credit, ElderLife provides solutions to seniors who want simple, convenient financial options. For more information visit [elderlifefinancial.com](http://elderlifefinancial.com) or call 1-888-228-4500.

### LIFE CARE FUNDING GROUP

As financial stresses grow, seniors may consider cashing out life insurance policies into a Life Settlement. When other financial obligations

such as stocks or an un-sold home become overbearing, a Life Settlement can be a form of liquid income, or a bridge to help cover costs in the short term. Find out more at [www.lifecarefunding.com](http://www.lifecarefunding.com) or call 1-888-670-7773.

### VETERAN BENEFITS

If you are a United States veteran or the surviving spouse of a veteran, you may be eligible for a monthly federal pension of up to \$1,949 per month. This pension may cover personal care, such as assisted living. For more information, please contact Oceanview.

### GIFT TAX EXEMPTION

Family members can give towards your retirement living or assisted living costs under the IRS gift tax exemption. Individuals can give up to \$13,000 per person per year without paying a federal gift tax. Oceanview advises you to consult with a tax professional before making financial decisions.

### OREGON MEDICAID

Oceanview participates in the Oregon Medicaid waiver program subject to qualifying and availability. Other restrictions may apply.

### LONG TERM CARE INSURANCE

You may qualify for an assisted living benefit under your long term insurance policy.
