River Terrace Memory Care is a stunning community with a caring team specialized in care and understanding of the needs of those with Alzheimer's disease, dementia and other forms of memory loss.

We strive to ensure our caregivers have the right heart, the right mindset, and the needed compassion to truly provide memory care for those navigating the difficult battle of memory loss.

**We don't want to be “just like home”,
We want your Caring Place to be home.**

The purpose of our communities is to promote independence, choice, and dignity in a home-like setting, and offer assistance with only those things the resident needs. We want each resident to remain as independent and active as possible and to enjoy every day in our community.

We then work with you as a team to design a personalized service plan to identify those additional daily tasks that require our caring and professional assistance. We invite you to visit our caring place to see why you can call River Terrace home.

Our Community

.....

River Terrace Memory Care offers 32-apartment with 26 private and 6 semi-private rooms. Our community provides beautifully landscaped courtyards with walking paths and raised garden beds for residents to enjoy. Inside our community residents enjoy common areas including beautiful and open TV, living room with fireplace, beauty salon, and bright dining room with lots of natural light.

In addition to our wonderful amenities, our active Life Enrichment Program keeps residents engaged in fun daily activities such as crafts, outings, musical performance and community events. Other programs we offer include CPM Brain Music and Life Skill Stations. These Life Skill Stations are ideal for self-directed or one-on-one interaction targeted to provide the residents with a sense of purpose, please, and/or peace.

We understand that there is no one-size fits all approach to caregiving which is why we invite you to visit our community to see how we can tailor our care to meet your needs.

Rates

.....

Our monthly rate is a combination of a base rate for the apartment and basic services, plus a care rate based on the resident's needs.

Contact Administrator for Rates

The base rate includes:

- Rent for the apartment
- 3 meals daily in the dining room
- Weekly laundry service
- Weekly housekeeping service
- Community activities

All care needs will be assessed and discussed with the administrator, and laid out in the resident service agreement, which will determine the resident's care rate. This service agreement updated regularly to reflect current care needs.
