Let's Make a Plan

Before you move in, one of our nurses will meet with you to conduct a comprehensive assessment of your health needs, your likes and dislikes, and your hobbies and achievements. Based on this meeting, we will create an Individualized Service Plan (ISP) that is unique to your care needs. Your ISP will be updated according to regularly scheduled assessments—and more often should your requirements change.

Meet the Team

At Sunrise of Edmonds, Designated Care Managers, along with a trustworthy care team, will be on hand to learn, understand, and meet your personal needs and preferences. Designated Care Managers work with the same residents consistently in order to build strong bonds and deliver the care outlined in your Individualized Service Plan.
