

# Welcome to Fields Senior Living

## A Message from Our Family to Yours

Our family's commitment to excellence in senior care began 60 years ago under the guiding philosophy: *"Treat each resident with the respect they deserve and the special attention they may need."*

Today, we are proud to remain family-owned-and-operated. Our senior care experience has culminated in communities that are meticulously designed and known for their attention to details.

As an industry leader, we are also pleased to have pioneered the Connections Program. This program is one of the many ways we work to instill significance in every interaction with our residents.

At Fields Senior Living, we continue to operate under our family's founding principles and strive to serve seniors with respect and dignity.

*Dustin Fields, CEO/President of Fields Senior Living,  
with his wife, Melissa Fields, Principal Designer.*

*Where it feels like home  
and you're family*
