

# IHOME CARE AND DIALYSIS

12032 SE Holgate Blvd. Portland OR. 97266

## About Us

iHome Care and Dialysis is a family business that started over 25 years ago! We pride ourselves in full service care that is uniquely suited for each residents personal needs. Our staff serves our residents with compassion and grace, taking care of their basic every day needs while following their individual care plans that are designed by their physician's and families. Here at iHome Care, we have a 24/7 round the clock care team set in place to help ensure that each and every resident has the attention needed to care for them. Our onsite Nurse, Caregivers, and Medicine Technicians are here to care for your loved one, every step of the way!

"Dialyzing at home, down the hall has been life changing"

IHOME CARE RESIDENT

## iHome Dialysis

iHome Dialysis was licensed in the summer of 2021, becoming the first and only Residential Care Facility in the North West with a licensed inhouse Dialysis clinic! It was years of dreaming, building, and facilitating the idea to bring dialysis to our residents in their home! Owner, Bob Asa has been dialyzing as an outpatient for years and understands the trying experience that comes along with dialyzing multiple days a week in outpatient clinics. Mr. Asa's dream to bring a dialysis clinic inhouse has been life changing for the many residents we have onsite! iHome Dialysis has a full team of Doctors, Nurses, Bio-technicians and office staff, to help facilitate a smooth transition from your home down the hall to the clinic chair!

iHome Dialysis is a care based clinic with our residents every need taken into consideration. We have a dietician for our diabetic and dialyzing residents and ensure their distinctive medications are administered. Our staff will assist your loved one between their rooms and the dialysis clinic, making it as easy as possible. Often times the treatment will go through the lunch or dinner hour, but rest assure that our staff will have their meals waiting for them when they return. iHome Dialysis was designed with our residents every need in mind. Come take a tour and see for yourself how beneficial this will be for your loved one!

"Having the clinic in the same building is not only convenient for my dad, but the care and attention he receives has been top notch. Having to dialyze is not easy, but iHome Care and Dialysis has made the process so much easier for everyone."
