

Services & Amenities

Welcome to

Memory Haven

Memory Haven Sumner is known for its warm, family feel and great customer service. Because we are a small community, we get to know our residents well, and they become like family to us. We take pride in the care and service we provide to our residents and their families, and are committed to providing a supportive community atmosphere that is more than a place to live—it's home.

Our caring and professional team are here to help you with services such as assistance with medication to assistance with getting dressed and help with bathing and grooming. We offer a variety of supportive services and will customize a service plan to meet your individual needs. Our team members strive to provide excellent care and encourage as much independence as possible.

Our Location

We are located in a quiet residential setting in Sumner, Wash., near parks and close to Main Street. Our community features two single-story cottages that simulate a home setting and minimize over-stimulation. Between the cottages is a large, secure, peaceful courtyard with grass, covered patio, raised garden, walking paths and a life station shed. Our cottage setting elevates us from merely being home-like to being at home.

Your Monthly Base Rent at Memory Haven includes:

- Your apartment room and board
- 3 delicious restaurant-style meals daily
- Social, recreational and exercise programs
- Daily housekeeping and linen services
- Wireless nurse call system
- 24 hour, nurse managed, caregiver assistance
- Water, sewer, electricity
- General maintenance

Features at Memory Haven:

- Small, intimate home setting
- Comfortable apartment options
- Private spacious bathrooms with showers
- Friendly group dining experience
- Respite/Vacation stay program
- Living room and relaxing common areas
- Outdoor courtyard and gardening area
- Life station shed for stimulating memories
- Therapeutic spa
- Single story buildings with easy navigation

Family Support

At a time when residents need support and care, so do family members and caregivers. You're always welcome to stop in for a cup of coffee and visit with us. We can provide you with information about group and family support resources. Family members are encouraged to be involved on an ongoing basis by attending special events and support groups, joining us on outings, or becoming involved in our daily activities.

Activities Program

Our activities program offers opportunities for residents to experience and enjoy things that have always been part of their life routines—so they can continue to live life their way. Sewing, gardening, outings, music, spiritual offerings, singing, arts and crafts, sporting events, and dancing offer residents a variety of choices to be as active as they wish. Our goal is to provide a meaningful quality of life each day.

Assisted Living & Memory Care Services

- Caregivers and licensed nursing assistance 24 hours a day
- Medication management
- Assistance with bathing, dressing and grooming
- Incontinence management program
- Personal care and nutritional products offered
- Routine communication with physician and health care providers
- Partner with hospice, home health and other supportive service organizations to provide individualized on-site care

Our goal is to embrace individual care needs through a variety of supportive services, allowing residents to receive care in the comfort of their own apartment.

Our Executive Director, in conjunction with our Wellness Director, will schedule a "Get Acquainted" meeting in which resident needs and requests are discussed, and we learn more about the important lifestyle routines for you or your loved one. Doing so helps us in tailoring a customized personal service plan to encourage individual strengths, capabilities and needs. This Get Acquainted visit enables us to determine the cost of your care and service plan.
