## About the home:

Here at AFC Place, we strive for greatness when it comes to caring for our residents.

- The home is a split level home where the main floor has a living room, dining room, kitchen, access to a patio, and a hallway leading to each one of the bedrooms.
- Residents have access to the fridge and microwave for snacks and their dietary needs..
- Every resident bedroom and bathroom is equipped with an Alert button that when pressed will alert the caregivers currently present in the facility for any problems or needs that a resident might have.
- The facility is classified as a Level 2 home, this means that we can take in residents who can only have up to 3 full time assistance in activities of daily living.
- The basic care includes: a private room, 3 meals a day and snacks, furnished room, bathroom necessities, housekeeping, daily ADL's, showers, and medication management.

## About the rooms:

- Rooms come furnished with a bed, satellite connected TV, closet, and nightstand.
- Each bedroom is about 9x12 feet in size and has enough room to move around.
- Each bedroom is equipped with an alert button, TV, laundry hamper, lamp, blinds, curtains, 36 inch wide door that is lockable, a key to the door, and multiple outlets for electricity.
- There are two bathrooms in the residential hallway. One is a full bathroom with a shower, sink, and toilet. The second bathroom has a sink and toilet.

Adult Foster Care Place is a homelike environment that is always ready to serve and keep its residents happy!

Adult Foster Care Place allows you to have a peace of mind about leaving your loved ones in a safe and trustworthy home!

Our home is your home. We strive to provide comfort and support to all of our residents in serving each of their Activities of Daily Living.
