## How We Can Help

Caregiving can be stressful, especially for family members caring for their loved ones. Our services offer solutions to bring you peace of mind.

### Senior Home Care

Most seniors prefer to stay in their own homes. Our services promote dignity and independence to individuals to enable them to live in their home with assistance. Our caregivers provide the necessary care where it's needed most to maintain daily routines and do some of the things they have enjoyed in the past with a little help from an Angel.

### Respite Care

Family caregiving is a big commitment, and often takes an emotional and physical toll on the whole family. Sometimes family members need to take a break from their caregiver role to address their own personal needs. Respite care (short term care) is available for families who need just a few hours or few days to recharge and return with a fresh perspective.

### Transition Care

If you are being discharged home from a facility, we can make your transition less stressful. We'll assist you to return safely to the setting you call home.

## We Build Relationships

The families we care for aren't just clients to us, they become family.

We have provided services to many of our families for years because we work hard to establish long lasting relationships with everyone involved.

Like family, we are always there for you when you need us. Your schedule is our schedule. We provide a complimentary, no obligation in-home assessment.

## Proud Caring Partner to Assist Our U.S. Veterans

Qualified Vets may be eligible for home care benefits through the Veteran's Administration.
