

In-home care options to fit your needs

Compassionate in-home care for those who want support to live where they love.

At Griswold, care is personal. Our work is about people, and we support the unique needs of clients with respect, empathy and dedicated attention. Our goal is to provide the help people desire to live where they love, longer. We offer hourly, overnight and 24-hour care. We aim to staff shifts within 24 hours, with weekly shift minimums as low as 3 hours per week. We specialize in care activities such as:

Personal Care

- Assistance with Activities of Daily Living (ADLs)
- Bathing, Toileting
- Personal hygiene, dressing
- Walking, transferring

Homemaking

- Light housekeeping
- Meal planning and preparation
- Medication reminders

Transportation

- Grocery, pharmacy, and local errands
- Transport to social outings and appointments

24/7 Virtual Monitoring

- Safe and effective audio technology
- Can detect falls, physical distress, calls for help
- Can identify early signs of cognitive decline, infection, medication errors, potential UTIs
