

Assisted Living at Sinceri Senior Living

We genuinely foster bonds between those that live and serve in our communities, *just like family*.

Sinceri Senior Living offers a uniquely autonomous assisted living experience, allowing residents to get the most out of every day with assistance only where and when needed. We offer a distinctly full lifestyle enrichment program so that there is always an opportunity to try something new, partake in a favorite hobby or get active – from sunrise to sunset seven days a week. We offer a range of opportunities for socializing and companionship daily, and our activities include shopping trips, sightseeing drives and dining at favorite restaurants.

It is our unwavering focus on providing exemplary service in an extraordinary environment that has helped us create a vibrant atmosphere unlike any other.

Welcome to the Family

Here, “family” is more than just a word, it is a defining value woven into our very fabric. Our team truly values getting to know residents on a deeper level so that they can honor them with dignified care that celebrates their lives and accomplishments, just as family would.

Assisted Living That Offers a New Level of Engagement

Sinceri Senior Living communities offer engaging and personalized care focused on the uniqueness of each resident and provide services best suited to their individual needs. We offer assistance with activities of daily living such as bathing, dressing and supervision of personal medications.

We offer a full range of opportunities for socializing and companionship on a daily basis. Our activities and amenities include:

- Licensed nurse on site
- 24-hour licensed supervision
- Guest services
- Medication services
- Balanced meals and special diets
- Registered dietician consultation
- All utilities other than phone
- Coffee bar/snacks available 24 hours day
- Leisure activities 7 days a week
- Full-service beauty salon

Our Commitment

As part of our commitment to honoring our residents and their families, we are dedicated to transcending the status quo in everything we do. The level of knowledge, data and research that results from our 30+ years of operation allows us to use proven approaches, and our leadership stays agile and responsive when it comes to safely and effectively integrating new research-backed methods.
