

Welcome to Longhouse!

Longhouse® provides vibrant households with dementia-focused care for seniors. These small-scale communities offer a place for seniors to thrive with maximum independence and personalized care. Our motto is: If you can't stay at home, stay in a Longhouse!

COMPARE The Advantages

Smaller is Better: Comfortable household setting allows for personalized service and meaningful companionship.

Higher Staff Ratios:
Higher staff ratios mean more personalized attention and better outcomes.

The Right Specialties: We specialize in serving seniors with Alzheimer's and dementia, Parkinson's Disease, stroke, and other chronic conditions requiring nurse management and oversight.

Things That Make All Our Lives Pleasant: Fresh air, natural light, trees and greenery, access to earth and gardens, the sound of birds . . . Longhouse majors in things that make all of our lives pleasant.

PERSONALIZED SUPPORT

With only 15 residents per household, each resident receives gracious and personalized care. A Registered Nurse writes each Care Plan and oversees the care. A Resident Care Coordinator is responsible for smooth household operations. Awake overnight caregivers allow for two person transfers, allowing residents to age in place.

NURSING AND HOSPICE

Nursing services include tube feeding, diabetic care, ongoing wound care for stable, non-healing wounds, and catheter care. We also support the hospice program onsite so residents don't have to move.

MEMORY CARE

All staff have specialized training to provide excellent dementia services and programs.

RATES

We offer one nearly all-inclusive rate that includes room, board, care, and incontinence and personal supplies. Call to learn more.

TERMS

Before choosing Longhouse, you should expect to tour the community and bring your loved one for a meet and greet and an RN assessment. We will make recommendations at that time about the best plan going forward.

CUSTOMER TESTIMONIALS

"Of all the places we toured
Longhouse felt more like a home."

~ *Julie H.*

"And may I sincerely thank you and
everyone at Longhouse--I have not
heard my mother so happy in quite
a long time. She is feeling safe,
cared for, and content in contrast
to feeling quite worried and
unhappy at home."

~ *Beth M.*

"Our family is happy and relieved
that we found such a wonderful
place for our mother at
Longhouse."

~ *Connie K.*

"I am deeply grateful for how our
lives were touched by the quality
time we experienced in community
with our dad at Longhouse."

~ *Dulce K.*

An Invitation from the Owner

I personally invite you to consider Longhouse for your loved one. Longhouse offers a very unique “human scale” household option for seniors that I think you will love.

I received undergraduate and graduate degrees from the **University of Washington**, worked for fifteen years in Senior Housing, and then founded **Husky Senior Care**, one of Seattle’s largest in-home care companies. But the vision was never complete without Longhouse. Now these vibrant households with dementia-focused care are the perfect antidote for seniors who want a household environment. As we say: If you can’t stay at home, stay in a Longhouse!

I invite you to call us to learn more!

Sincerely,

Matthew Long
Founder & President

**If you can’t stay at home,
stay in a Longhouse!**

Choosing the Right Company Makes All The Difference

“Thank you, Matt, and everyone else that we had the pleasure of meeting. You really worked a very necessary “miracle” for us. I’ll be telling everyone I meet who needs help caring for their loved ones to give you a call.” - Kari H.

Our Founding

Longhouse® is sponsored by **Husky Senior Care**, a Seattle-based in-home care company that was founded in 2009 to serve the alumni of all colleges and universities. The Longhouse caregivers, communication model, and operation appeal to discerning seniors and their families who demand superior service and outcomes.
