Assisted Living

The time may come when you or a loved one needs a little extra help with daily routines like medication management, bathing/dressing, laundry, or transportation, to get the most out of each day and maintain an otherwise independent lifestyle.

Personalized support—In Assisted Living, a care plan is customized to your needs and desires, to provide just the right amount of support. In addition to your personal care team, a Registered Nurse or Licensed Practical Nurse is available either on site, or on call each day. Services and amenities include:

- Personal care plan to serve your individual needs
- Restaurant-style dining
- All maintenance, housekeeping, and linen service
- Socialization and community belonging
- Events, activities, and planned outings

Apartment styles—Choose a studio or one-bedroom apartment with kitchenette and full bath. Apartments are available on both the first and second floor, and each has its own heating and air conditioning controls, plus access to complimentary self-service laundry nearby. Make it your comforting new home by bringing your favorite furnishings and personal decor.

Wellness program—Our exercise classes and various activities can help you maintain or improve your health and well-being. You can continue your favorite hobbies or learn something brand new, all in a place where your neighbors quickly become your friends. Participate as much as you like, including joining spiritual programs and Sunday worship services in our beautiful chapel.

“

*It gives peace-of-mind for
my family and me to know
I am taken care of.*

Memory Care

Our compassionate staff is experienced and skilled at caring for people with memory impairment, Alzheimer's disease, or other types of dementia.

Supporting a personalized quality of life—Our approach promotes individuality and choice, and encourages participation in favorite activities—within the structure of familiar surroundings and consistent schedules. A therapeutic, sensory-rich kitchen gives residents a taste of home. Activities and experiences, such as lunches out, country drives, and aromatherapy, are tailored to evoke pleasant memories and provide opportunities to socialize, exercise, and enjoy music and art.

Safety, stability and comfort—Our staff is ever watchful, plus a Registered Nurse is present or on call 24/7 to ensure the needs of your loved one. Occasional outings are carefully planned. A secure courtyard ensures residents can safely enjoy the outdoors. Services and amenities include:

- Personalized care and monitoring of medical needs
- Private suites
- Enclosed, secure outdoor courtyard
- Family-style dining that encourages socializing
- Thoughtfully planned activities and outings
- Therapy kitchen
- All maintenance, housekeeping, and linen service

At Dallas Retirement Village, we strive for excellence in both care and compassion. Our staff receives specialized training and continuing education for dementia and Alzheimer's to ensure quality, loving care for every resident.

“

*Coming into a nurturing,
safe, and beautiful new
environment was a treat.*

Skilled Nursing & Long-Term Care

For individuals who need daily nursing assistance for short-term recovery or for long-term care and management of chronic conditions, our Health Center offers compassionate, professional, considerate care.

Promoting independence—A personalized plan of care, developed through collaboration, defines exact care and support services needed, with a focus on encouraging as much independence and autonomy as possible.

Comfort and well-being—Our approach recognizes the need for friendship, companionship and intellectual stimulation for overall well-being. Resident rooms and gathering spaces feel like private homes and foster a warm sense of neighborhood for residents and their guests. Our Health Center is a place family members and friends feel welcome to visit. Services and amenities include:

- Private and semi-private furnished rooms, residents are encouraged to bring their favorite personal items
- Nutritious meals and snacks served in an inviting dining room, or the resident's room if preferred
- Planned social functions, programs, and activities complement social and physical needs, as well as a variety of interests
- All maintenance, housekeeping and linen & laundry services
- Personalized care plans outlining specific care and support for all short- and long-term residents, including those needing respite, hospice, and end-of-life care
- 24-hour staffing and licensed care
- Pain and wound care management
- Assistance with daily living activities

A culture of safety—Promoting safety is our second nature. State-of-the-art mobility assistance and the latest advances in ergonomics assist our compassionate staff in providing safe, reliable care.

*Our Health Center is Medicare/Medicaid-certified
and accepts insurance plans.*

“

Everyone was so good to my dad. You know, it's really about the little things.

Physical Rehabilitation & Therapy

When recovering from illness, injury, surgery, or other challenges, your goal is to return to your highest level of functioning as quickly as possible. This is our goal as well. Our outstanding therapy and nursing teams have the knowledge, skills, and experience to guide you through successful inpatient, outpatient, or home health rehabilitation and recovery.

The modern therapy gym and private suites at our Health Center offer an intimate, homelike setting for rehab and recovery, with the latest equipment, technologies, and specialized therapies. With dedication to each person's fullest recovery, our whole-person approach and wellness programming focuses on optimizing and balancing physical, emotional, and social needs.

Customized rehabilitation—Individual needs are addressed with our full range of therapies, plus skilled nursing care when needed. On-site rehabilitation services and amenities include:

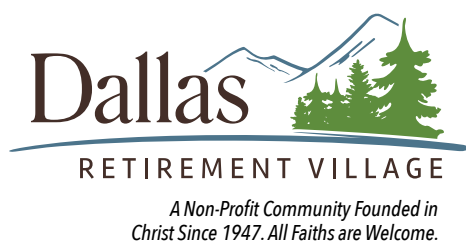

- Individualized assessment and personal care plan, including professional physical, occupational, and/or speech therapies as well as wound care, IV therapy, and fall prevention
- Skilled nursing care when needed
- Private or semi-private room with full bathroom
- Nutritious meals and snacks catered to your diet
- Maintenance, housekeeping, and linen & laundry services

A safe return home—Home evaluations are conducted to assess the need for changes in the environment and adaptive equipment to maximize safety as individuals return home.

Inpatient and outpatient rehabilitation programs are available.

Mission Statement:

We demonstrate Christ's love by providing a continuum of quality services and care to meet the physical, emotional, and spiritual needs of our residents with dignity and respect.
